

Fine Arts Support

The Seedling Foundation is a fan of the Fine Arts in schools.

For many years, Seedling Foundation has partnered with the Zachary Scott Theater in Austin in bringing their Project InterACT program to AISD schools. The ZSTC Project InterAct players bring an original, interactive and highly engaging full theatrical performance to the schools, and then ZSTC follows up with curriculum enhancers that allow the teachers to continue the fun and great experience in the classroom.

Seedling Foundation was proud to sponsor bilingual theatre productions at the following schools in the fall of 2009!
